

OUR PRODUCT FAMILY

② THE SPECIALTY COLLECTION

MORE CUSTOMIZED LATEX

FOR A SUPERIOR SLEEP

Set your mattresses apart from the competition with our Specialty Collection. Consumers will be drawn to a sleep experience further customized to their personal needs and preferences, with foams infused with gel, copper, aluminum or graphite.

Always available in both cores and toppers, made exclusively with our quality Performance Latex.

Manufactured using the finest materials and Perpetua™, our proprietary continuous-pour process

Explore these specialty categories:

Health & Wellness

Copper Gel Infused Latex

Temperature Regulation

Aluminum Gel Infused Latex

Natural Non-Flammable Solution

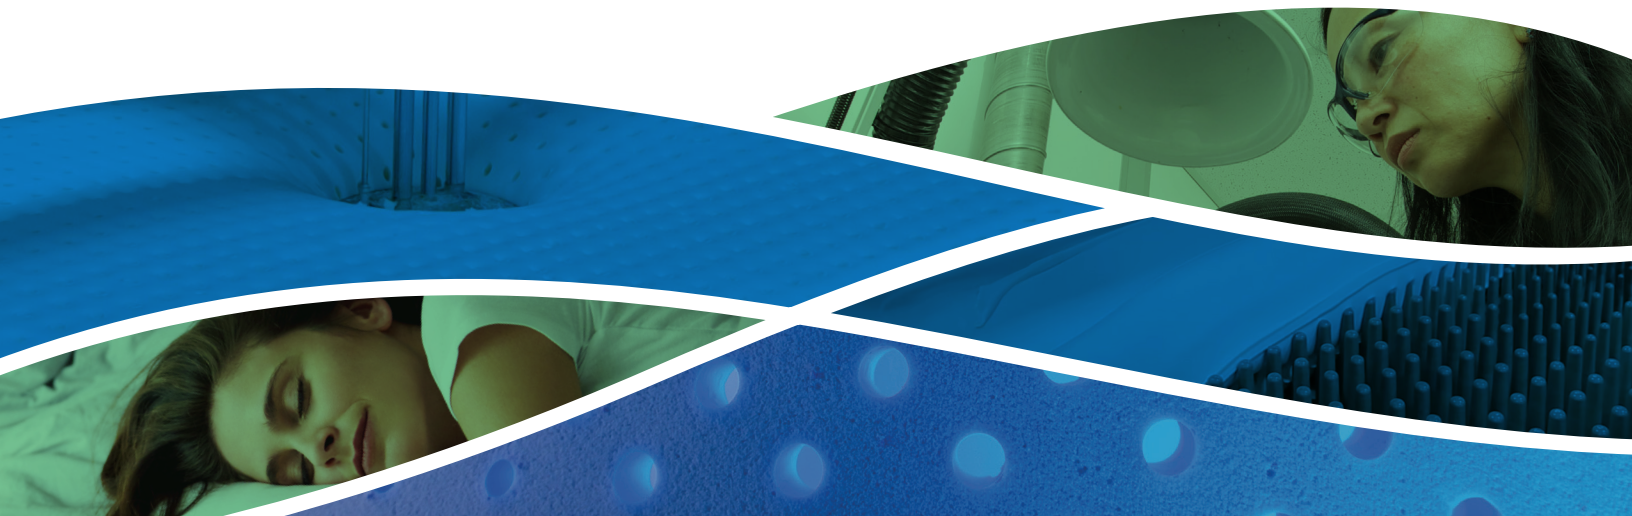

Graphite Infused Latex

Supportive Properties

Gel Infused Latex

We are dedicated to providing the mattress industry with the highest quality in sustainably sourced American-made latex cores, toppers, mattresses and sleep accessories. Our company never settles — on customer service, on quality or on comfort. That's why we invented, patented and continue to perfect Perpetua, our proprietary latex continuous-pour process. Our advanced process is based on science that's leading the industry and specially designed for a better night's sleep.

THE SPECIALTY COLLECTION

DELIVERING UNIQUELY MARKETABLE BENEFITS

Copper Gel Infused Latex

Benefits of copper:

Naturally antibacterial and antimicrobial

Helps the body produce collagen, which is essential to the body's healing process

Powerful anti-inflammatory to help relieve aching joints and muscles

Aluminum Gel Infused Latex

Benefits of aluminum:

Natural cooling properties dissipate heat

Acts as a purifying agent

Helps to boost the body's immune response to medicine and vaccines

Graphite Infused Latex

Benefits of graphite:

Improved fire-retardant properties, which can reduce the need for chemicals or fire-socks

Adds additional strength for a more durable material

Natural cooling properties dissipate heat

Gel Infused Latex

Benefits of gel:

Enhanced support for a more comfortable sleep

Wicks heat away from the body

Advanced supportive and cooling properties
